SUMMARY

Economist/Applied micro-econometrician with a track record of consistently and creatively solving a diverse set of problems. Experienced with analysing survey data and medical claims data from public and private insurance providers. Implemented a wide variety of empirical strategies to examine changes in labour market outcomes, health outcomes and their effects. Drawn robust conclusions from limited data and indirect treatment observation.

EDUCATION

University of Wisconsin - Milwaukee *(Expected) 2021*
PhD in Economics
Focus : *Labor Economics, Economics of Education, Health Economics*

PES Institute of Technology, India *2013*
BE in Mechanical Engineering
Focus : *Material Science*

EXPERIENCE

Graduate Research Assistant August 2017 - December 2019
College of Nursing, Department of Economics *University of Wisconsin - Milwaukee*

- Assessed the impact of the PERISCOPE perinatal health intervention using claims data from Medicaid and private insurance providers in Wisconsin.
- Used propensity score matching and difference-in-differences regressions to find a 20% increase in prescription use and a \$310 reduction in emergency costs.
- Used machine learning techniques including random forest, decision tree and K-nearest neighbours in R for variable selection and testing.
- Reported the results of our study in non-technical language.
- Communicated and worked with health professionals to create appropriate empirical models.

Lecturer September 2020 - May 2021
Department of Economics *University of Wisconsin - Whitewater*

- Teaching applied business statistics and principles of microeconomics.
- Creating content and teaching students in a Hy-Flex format.

Graduate Teaching Assistant August 2014 - May 2020
Department of Economics *University of Wisconsin - Milwaukee*

- Taught a diverse set of students with a wide range of technical backgrounds.
- Clearly communicated technical statistics and econometrics.
- Taught data analysis using R and STATA to undergraduate and graduate students with little prior knowledge.
- Had full control of 4 different courses across 8 semesters.

TECHNICAL STRENGTHS

Skills		Applied econometrics, Machine learning, Data Analysis
Tools	<i>Proficient</i>	STATA, R, Matlab, L ^A T _E X
	<i>Familiar</i>	Python, SQL, SAS, SPSS, E-Views, JAVA, C++

RESEARCH

<i>“The Emerging College Hours Premium for Men”</i>	<i>(revision asked for by Education Economics)</i>
<i>“The Returns to Drinking: Workers or Jobs?”</i> with SJ Adams, JS Heywood & D Ullman	<i>Working Paper</i>
<i>“Are the Returns to Education Still Rising?”</i>	<i>Working Paper</i>
<i>“Changes in the Returns to Education : Evidence from Three Cohorts of the NLSY”</i>	<i>Working Paper</i>
<i>“Estimating the Effects of the Periscope Project”</i> with SJ Adams & JJ Doering	<i>In Progress</i>
<i>“Changes in education’s effect on job sorting”</i>	<i>In Progress</i>
